For and on behalf of

UEP WIND POWER (PRIVATE) LIMITED

Tanveer Afzal Mirza

Director Operations & Company Secretary

1. BACKGROUND

- 1.1 UEP WIND POWER (PRIVATE) LIMITED, a company duly organized and existing under the laws of Pakistan with its registered office located at 4th Floor, Bahria Complex 1, 24 M.T. Khan Road, Karachi 74000, Pakistan (the “**Project Company**”), was granted a generation license no. WPGL/22/2013 (the “**Generation License**”) for its 99 MW (installed capacity) wind power generation facility located at Jhampir, Near Nooriabad, District Thatta, Province of Sindh, Pakistan (the “**Generation Facility**”) by the National Electric Power Regulatory Authority (“**NEPRA**”) pursuant to the relevant provisions of the Regulation of Generation, Transmission and Distribution of Electric Power Act, 1997 (including any amendment thereto or re-enactment thereof) (the “**NEPRA Act**”). The Generation License was issued vide NEPRA’s determination dated 04 November 2013, bearing reference no. NEPRA/R/LAG-229/2353-55, titled ‘*Generation Licence No. WPGL/22/2013, Licence Application No. LAG-229, UEP Wind Power (Pvt.) Limited (UEPWPLL)*’, which sets out the terms and conditions of the Generation License (the “**Terms and Conditions**”) that were subsequently modified (to the extent of Schedule-I and Schedule-II of the Terms and Conditions) by NEPRA vide its determination dated 17 November 2014, bearing reference no. NEPRA/R/LAG-229/15074-79, titled ‘*Modification-I in Generation Licence No. WPGL/22/2013 — UEP Wind Power (Pvt.) Limited (UEPWPLL)*’.
- 1.2 Pursuant to Article 4.1 of the Terms and Conditions (as reproduced below), the Generation License is valid for a term of twenty (20) years from the commercial operations date of the Generation Facility (the “**Term of the Generation License**”). Since the commercial operations date of the Generation Facility occurred on 16 June 2017, as set out in the Central Power Purchasing Agency (Guarantee) Limited’s notification dated 05 July 2017, bearing reference no. Tech/DGMT-II/MT-V/UEPW/27263-81, titled ‘*Notification of Commercial Operations Date of the Complex*’ (a copy of the said notification is attached herewith as Annexure D), the Term of the Generation License thus expires on 16 June 2037 (the “**Generation License Actual Expiry Date**”). However, the expiry hard date mentioned in the Generation License is 29 June 2035 (the “**Generation License Expiry Hard Date**”) which is not consistent with the Generation License Actual Expiry Date.
- Article 4.1 of the Terms and Conditions reads as follows: “*The Licence is granted for a term of twenty (20) years after the COD of the generation facility/Wind Farm.*”
- 1.3 In view of the foregoing and the Project Company’s letter dated 22 September 2022, bearing reference no. UEPW-PM-LT-NEPRA-024, titled ‘*UEP 99MW Wind Power Project – An Early Harvest CPEC Project – Request for Amendment in the Expiry Date of Generation License*’ issued to NEPRA, the Project Company is requesting NEPRA for a rectification in the Generation License Expiry Hard Date to make it consistent with the Generation License Actual Expiry Date under this application pursuant to Regulation 10 (*Licensee Proposed Modification*) of the National Electric Power Regulatory Authority Licensing (Application, Modification, Extension and Cancellation) Procedure Regulations, 2021, as may be amended or modified from time to time (the “**2021 NEPRA Licensing Regulations**”). Accordingly, NEPRA is requested to approve the Proposed Modification (defined in paragraph 2.2 (*Text of the Proposed Modification*)) in the Generation License.

2. THE LICENSEE PROPOSED MODIFICATION

2.1 TYPE OR CATEGORY OF THE GENERATION LICENSE

Generation License for the construction, ownership and operations of a 99 MW (installed capacity) wind power plant.

2.2 TEXT OF THE PROPOSED MODIFICATION

The Project Company hereby requests NEPRA to modify the following provisions of the Generation License (the "**Proposed Modification**") for the reasons set out in paragraph 2.3 (*Reasons in Support of the Proposed Modification*):

SER. NO.	REFERENCE	EXISTING PROVISION	PROPOSED MODIFICATION
1.	Validity of the Generation License	"Given under my hand this 4 th day of <u>November Two Thousand & Thirteen</u> and expires on 29 th day of <u>June Two Thousand & Thirty Five</u> ."	"Given under my hand this 4 th day of <u>November Two Thousand & Thirteen</u> and expires on 16 th day of <u>June Two Thousand & Thirty Seven</u> ."

2.3 REASONS IN SUPPORT OF THE PROPOSED MODIFICATION

2.3.1 The Proposed Modification in serial #1 of the table above is being humbly put forth by the Project Company to seek a modification in the Generation License Expiry Hard Date i.e., 29 June 2035, to make it consistent with the Generation License Actual Expiry Date i.e., 16 June 2037 in consideration of the Term of the Generation License as set out in Article 4.1 of the Terms and Conditions.

2.4 IMPACT OF THE PROPOSED MODIFICATION ON TARIFF, QUALITY OF SERVICE OR FULFILMENT OF LICENSEE OBLIGATIONS

We confirm that the Proposed Modification will not impact the tariff issued to the Project Company by NEPRA in respect of the Generation Facility or the quality of service or fulfillment of the Project Company's obligations under or in connection with the Generation License.

**Modification in the
Generation License
Expiry Hard Date**

The Chairman informed the board that The Company (UEP Wind Power (Private) Limited) was granted a generation license no. WPGL/22/2013 (the "Generation License") for its 99 MW (installed capacity) wind power generation facility located at Jhampir, Near Nooriabad, District Thatta, Province of Sindh, Pakistan (the "Generation Facility") by the National Electric Power Regulatory Authority ("NEPRA") pursuant to the relevant provisions of the Regulation of Generation, Transmission and Distribution of Electric Power Act, 1997 (including any amendment thereto or re-enactment thereof). The Generation License was issued vide NEPRA's determination dated 04 November 2013, bearing reference no. NEPRA/R/LAG-229/2353-55, which sets out the terms and conditions of the Generation License (the "Terms and Conditions") that were subsequently modified (to the extent of Schedule-I and Schedule-II of the Terms and Conditions) by NEPRA vide its determination dated 17 November 2014, bearing reference no. NEPRA/R/LAG-229/15074-79.

Pursuant to Article 4.1 of the Terms and Conditions, the Generation License is valid for a term of twenty (20) years from the commercial operations date of the Generation Facility (the "Term of the Generation License"). Since the commercial operations date of the Generation Facility occurred on 16 June 2017, as set out in the Central Power Purchasing Agency (Guarantee) Limited's notification dated 05 July 2017, bearing reference no. Tech/DGMT-II/MT-V/UEPW/27263-81, the Term of the Generation License thus expires on 16 June 2037 (the "Generation License Actual Expiry Date"). However, the expiry hard date mentioned in the Generation License is 29 June 2035 (the "Generation License Expiry Hard Date") which is not consistent with the Generation License Actual Expiry Date as the time period mentioned in "Terms and Conditions"

In view of the foregoing, the Company thus wishes to seek a modification in the Generation License to rectify the Generation License Expiry Hard Date and make it consistent with the Generation License Actual Expiry Date as per the Term of the

EXTRACT OF THE RESOLUTIONS PASSED BY THE BOARD OF DIRECTORS OF UEP WIND POWER (PRIVATE) LIMITED ON MONDAY, OCTOBER 14, 2022, AT 10:00 A. M AT ORIENT FINANCIAL CENTER, F24, NO.5 LI DU HUAYUAN ROAD, CHAOYANG DISTRICT, BEIJING, CHINA

Pursuant to Section 179 of the Companies Act, 2017 (including any amendment thereto or re-enactment thereof) (the “Act”), the undersigned, comprising majority of the directors on the board of directors (the “Board”) of UEP Wind Power (Private) Limited (the “Company”), do hereby consent to the adoption of the following resolution(s) by written consent.

WHEREAS:

The Company was granted a generation license no. WPG/L/22/2013 (the “**Generation License**”) for its 99 MW (installed capacity) wind power generation facility located at Jhampir, Near Nooriabad, District Thatta, Province of Sindh, Pakistan (the “**Generation Facility**”) by the National Electric Power Regulatory Authority (“**NEPRA**”) pursuant to the relevant provisions of the Regulation of Generation, Transmission and Distribution of Electric Power Act, 1997 (including any amendment thereto or re-enactment thereof). The Generation License was issued vide NEPRA’s determination dated 04 November 2013, bearing reference no. NEPRA/R/LAG-229/2353-55, which sets out the terms and conditions of the Generation License (the “**Terms and Conditions**”) that were subsequently modified (to the extent of Schedule-I and Schedule-II of the Terms and Conditions) by NEPRA vide its determination dated 17 November 2014, bearing reference no. NEPRA/R/LAG-229/15074-79.

Pursuant to Article 4.1 of the Terms and Conditions, the Generation License is valid for a term of twenty (20) years from the commercial operations date of the Generation Facility (the “**Term of the Generation License**”). Since the commercial operations date of the Generation Facility occurred on 16 June 2017, as set out in the Central Power Purchasing Agency (Guarantee) Limited’s notification dated 05 July 2017, bearing reference no. Tech/DGMT-II/MT-V/UEPW/27263-81, the Term of the Generation License thus expires on 16 June 2037 (the “**Generation License Actual Expiry Date**”). However, the expiry hard date mentioned in the Generation License is 29 June 2035 (the “**Generation License Expiry Hard Date**”) which is not consistent with the Generation License Actual Expiry Date as the time period mentioned in the Terms and Conditions.

In view of the foregoing, the Company thus wishes to seek a modification in the Generation License to rectify the Generation License Expiry Hard Date and make it consistent with the Generation License Actual Expiry Date as per the Term of the Generation License (the “**Application for Modification in Generation License**”, a draft of which is attached herewith as Annexure A).

NOW THEREFORE, IT IS:

“**RESOLVED THAT** subject to grant of all approvals and consents, as required under applicable law, including the Act, the terms of the Application for Modification in Generation License, including as applicable, any amendments, supplements, and/or restatements thereto and any other agreement, deed, notice, instrument,
