

National Electric Power Regulatory Authority
ISLAMIC REPUBLIC OF PAKISTAN

PRESS RELEASE

July 29, 2019

Subject: NEPRA TOOK SERIOUS NOTICE OF POWER OUTAGES & LOSS OF HUMAN LIVES IN KARACHI

NEPRA has taken serious notice of media reports regarding power outages and loss of human lives due to electrocution in Karachi. It is disturbing to note that the Karachi Electric (KE) complaint centers are not responding to telephonic calls of consumers and therefore NEPRA has directed KE to submit report about failure of its pre-emptive measures as the rain was expected. NEPRA has also directed KE to take remedial measures for restoration of power supply at the earliest.
