**Respondent:** 1) Mr. Muhammad Atif (K-Electric Ltd)  
2) Mr. Imran Zakir (K-Electric Ltd)

**Subject: DECISION IN THE MATTER OF COMPLAINT FILED MR. WASEEM KHAN  
UNDER SECTION 39 OF THE REGULATION OF GENERATION,  
TRANSMISSION AND DISTRIBUTION OF ELECTRIC POWER ACT, 1997  
AGAINST K-ELECTRIC LIMITED REGARDING DETECTION BILL  
(CONSUMER NO. LC-828304)**

This decision shall dispose of the Complaint filed by Mr. Waseem Khan, House No. 1600, A 1 R, Gulshan-e-Habib, Karachi, (hereinafter referred to as "the Complainant") against K-Electric Limited (hereinafter referred to as the "Respondent" or "KE"), under Section 39 of the Regulation of Generation, Transmission and Distribution of Electric Power Act, 1997 (hereinafter referred to as the "NEPRA Act").

2. Brief facts of the case are that NEPRA received a complaint wherein the dispute agitated by the Complainant was that KE has charged detection bill and requested NEPRA to intervene in the matter & direct KE to withdraw the detection bill. The matter was taken-up with KE for submission of parawise comments/report. In response, KE reported that a discrepancy of direct use was reported. KE added that the consumer has been charged detection bill amounting to Rs.134,693/- on the connection bearing Consumer No. LC-828304. The report of KE was sent to the Complainant for information/comments. The Complainant raised observations over the report of KE.

3. In order to proceed further into the matter, a hearing was held at NEPRA Regional office Karachi on August 25, 2025 which was attended by both the parties i.e. (KE and the Complainant) in person wherein the matter was discussed in detail.

4. The case has been examined in detail in light of the record made so available by the parties, arguments advanced during the hearing and applicable law. The following has been observed:

- i. The instant matter pertains to charging of detection bill amounting to Rs.134,693/- on the electricity connection having consumer no. LC-828304 having tariff A1R.
- ii. KE is of the view that the detection bill amounting to Rs.134,693/- for the period from December 2024 to May 2025 have been charged on the discrepancy of direct use on connected load 4kW.
- iii. KE showed sufficient evidence at the premises against the detection bill of Rs.134,693/- on LC-828304. Moreover, electricity consumption on the same connection has observed to be on lower side as compared with the connected load of the premises.
- iv. Further it is observed that KE has charged the said detection bill on higher side.

5. Foregoing in view, KE is directed to revise the detection bill amounting to Rs.134,639/- charged to the Complainant on LC-828304 from six (06) months to two (02) months. A report in this regard be submitted within twenty (20) days, positively.
