SCHEDULE-III

PART I

Licence Fees (Annual)

1. Generation Licence

Fee will be calculated at the rate of Rs.6200 per MW on the basis of gross (ISO) MW capacity of the licensed generation facility.

PART II

**Terms of payment of fee by the Generation,
Transmission and Distribution Licensees**

- I) The fee for the generation licences specified in this schedule shall be paid on a recurring basis in respect of each financial year by the licensee for the term of the licence (hereinafter referred to as the "annual licence fee")
- II) The annual licence fee in respect of any financial year shall be paid in advance within thirty days of the expiry of the preceding financial year, provided that, the annual licence fee for the first financial year shall be paid within thirty days of the date of grant of the licence and shall be prorated for the number of months remaining before the expiry of the financial year in which the licence is granted.
- III) In case of generation licences, the Gross (ISO) MW capacity for which the generation licence is granted shall form the basis for the calculation of the annual licence fee.

PART III

Indexation of Fees

- I) Any and all fees payable pursuant to the relevant rules shall be indexed to the Consumer Price Index ("CPI") published from time to time by the Federal Bureau of Statistics.
- II) The indexation shall be done on the basis of the most recent CPI prevailing on the date of payment of the fees and shall be increased or decreased, as the case may be, in accordance with the following formula:

$$F_{pd} = F_t [CPI_{pd} / CPI_{rd}]$$

Where

F_{pd} = The actual fee payable on the date of payment

F_t = The respective fee set out in Part I of this schedule.

CPI_{pd} = The most recent CPI prevalent on the last day of the month immediately preceding the month in which the payment is due.

CPI_{rd} = The reference or base CPI, prevalent on the last day of the month in which these rules are notified in the official gazette.

**Term of the Licence
(Article 5 of the Licence)
Kohinoor Genertek Limited**

The rule 5 of the Licensing (Generation) Rules - 2000 stipulates that the term of Licence shall be commensurate with the maximum expected useful life of the units comprised in a generation facility demonstrated to the satisfaction of the Authority unless the applicant consents to a shorter period.

Kohinoor Genertek Limited has shown in its application No.KGL/GGMP/DOC/NEPRA/101 dated May 25, 2000 to NEPRA for a Generation Licence, remaining life of its facility as 21 years.

The Licensing Group considers that the Diesel Electric Generators normally have useful life of around 20 years. Since the plants of Kohinoor Genertek Limited were manufactured between 1989 and 1996 and commissioned between 1990 and 1997 therefore the Group recommends that the Licence be issued to Kohinoor Genertek Limited by the Authority for 15 years from the date of grant of Licence by the Authority.

AUTHORITY DECISION

The Authority agrees with the Licensing Group recommendations about the term of Licence. The Licence is granted for a term of 15 years.
