Subject: **APPLICATION FOR A MODIFICATION IN GENERATION LICENCE - 5.04MW**
SANIWAL SOLAR POWER PLANT

Ref'nce: Generation licence No. SPGL/01/2012 dated 12-12-2013.

A Solar Power Plant of capacity 5.04MW has been commissioned successfully on 13-01-2017 at POF Sanjwal Cantt., District Attock as per Above mentioned Generation Licence to meet the electric load requirement of the POF Sanjwal, but after working hours of factory and on holidays, load of POF Sanjwal is reduce considerably and now POF intend to use the surplus (Approx. 2~2.5MW, 18000 to 20,000 KWh per day) electricity at POF Wah through wheeling as per NEPRA (Wheeling of Electric Power) Regulations, 2015.

2. In this regard, an application has been submitted to IESCO 10-11-2018 and the case for wheeling of electricity from POF Sanjwal to POF Wah is under process. IESCO vide his Letter No. 12811-14/CE(P&E)/DM(T&G)/HT-1269, 1508 dated 31-12-2019 required Modification in the existing SSPPL Generation Licence for Wheeling.

3. I, Tashhir Uddin / CEO - SSPPL being the duly authorized representative of Sanjwal Solar Power Pvt. Ltd. POF Sanjwal by virtue of Board Resolution dated 08-01-2019, hereby apply to the National Electric Power Regulatory Authority for the grant of a licence Modification in the existing SSPPL Generation Licence No. SPGL/01/2012 dated 12-12-2013 pursuant to NEPRA Licensing Regulations, 1999 for Application and Modification Procedure.

4. As mentioned in NEPRA Licensing Regulations, 1999 (PART III 10. Modification to the licence), No impact will be occurred on the tariff, quality of service and the performance by the licensee of its obligations under the licence. However, only wheeling charges will be applicable as per NEPRA Regulation.

Amended Annexure

Reference: National Electric Power Regulatory Authority Licensing (Application and Modification Procedure) Regulations, 1999

(a) "Text of the proposed modification" as required under Regulation 10(2)(a) of the Regulations

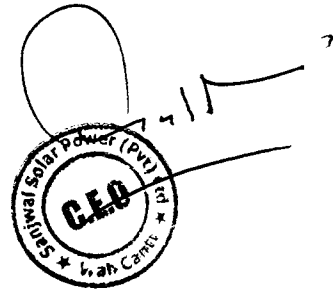

The Existing Generation licence No. SPGL/01/2012 dated 12-12-2013 issued to Sanjwal Solar (Pvt.) Limited (SSPL) for supplying to IESCO. Now, SSPL intends to utilize the said existing solar based generation facility for supplying to two Bulk Power Consumers (BPCs) i.e. POF Sanjwal (direct supply) and POF Wah (through wheeling).

(b) "Statement of the reasons in support of the modification" as required under Regulation 10(2)(b) of the Regulations.

The Existing Generation licence No. SPGL/01/2012 dated 12-12-2013 issued to SSPL envisaged supplying to IESCO as an Independent Power Producer however, the arrangement did not materialize. Now, SSPL intends to utilize the existing solar based generation facility for supplying to POF Sanjwal and wheeling the surplus available after meeting the requirement of POF Sanjwal to POF Wah.

(c) "A statement of the impact on the tariff, quality of service and the performance by the licensee of its obligations under the licence" as required under Regulation 10(2)(c) of the Regulations.

The proposed modification will not have any impact on the tariff, quality of service and the performance by the licensee of its obligations under the licence. However, only wheeling charges will be applicable as per NEPRA Regulation and the same will be paid by SSPL.
