No. NEPRA/TRF-100/8883-8885  
June 9, 2015

**Subject: Decision of the Authority in the matter of a Request for Reconsideration of  
Tariff Determinations for the Ex-WAPDA Distribution Companies for the  
Financial Year 2014-15 under Section 31(4) of NEPRA Act, 1997**

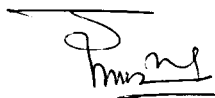

*Reference: Ministry of Water & Power letter No. Tariff/2014-15 dated 21.05.2015.*

Dear Sir,

Please find enclosed herewith the subject Decision of the Authority (42 pages) in the matter of a Request for Reconsideration of Tariff Determinations for the Ex-WAPDA Distribution Companies for the Financial Year 2014-15 under Section 31 of Regulation of Generation, Transmission and Distribution of Electric Power Act, 1997 ("NEPRA Act") made by Ministry of Water & Power.

2. The Decision of the Authority along with the revised Schedules of Tariff in respect of IESCO, LESCO, GEPCO, FESCO, MEPCO, PESCO, SEPCO, HESCO, QESCO and TESCO is being intimated to the Federal Government for the purpose of notification in the official Gazette pursuant to Section 31 (4) of the Regulation of Generation, Transmission and Distribution of Electric Power Act (XL of 1997). Please note that the Determinations of the Authority in the matter of consumer-end tariff in respect of referred XWDISCOs earlier communicated to Ministry of Water & Power for notification would remain the same except for their enclosed Schedules of Tariff.

Enclosure: As above

  
29.05.15  
( Syed Safeer Hussain )

Secretary  
Ministry of Water & Power,  
'A' Block, Pak Secretariat  
Islamabad

CC: 1. Secretary, Cabinet Division, Cabinet Secretariat, Islamabad.  
2. Secretary, Ministry of Finance, 'Q' Block, Pak Secretariat, Islamabad.

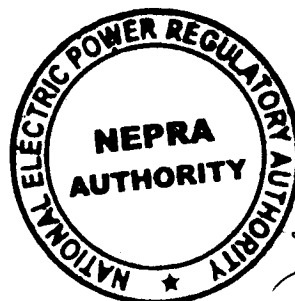

**Decision of the Authority in the matter of a Request for Reconsideration of Tariff  
Determinations for the EX-WAPDA Distribution Companies for the Financial Year 2014-15  
under Section 31(4) of NEPRA Act 1997**

As per section 31(4) of the NEPRA Act, notification of the Authority's approved tariff, rates, charges, and other terms and conditions for the supply of electric power services by the generation, transmission and distribution companies is to be made, in the official gazette by the Government of Pakistan, however, the Federal Government may require the Authority to re-consider its determination within 15 days of such intimation; whereupon the Authority has to determine the same anew within 15 days.

2. The tariffs for ex-WAPDA Distribution Companies (DISCOs) for the FY 2014-15 was determined by NEPRA and intimated to the Federal Government for notification in the official gazette as per following details:-

Islamabad Electric Supply Company (IESCO)	10.3.2015
Faisalabad Electric Supply Company (FESCO)	10.3.2015
Peshawar Electric Supply Company (PESCO)	10.3.2015
Lahore Electric Supply Company (LESCO)	20.3.2015
Gujranwala Electric Power Company (GEPCO)	20.3.2015
Multan Electric Power Company (MEPCO)	27.3.2015
Hyderabad Electric Supply Company (HESCO)	7.4.2015
Quetta Electric Supply Company (QESCO)	7.4.2015
Sukkur Electric Supply Company (SEPCO)	14.4.2015
Tribal Area Electric Supply Company (TESCO)	19.5.2015

3. The Government of Pakistan has filed a reconsideration request to re-determine the above referred tariff determinations inter-alia on the following grounds:-

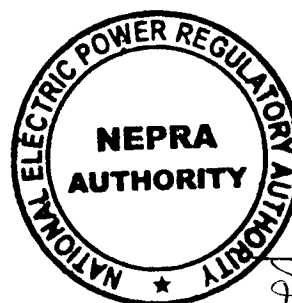

- Reference is made to the National Power Policy, 2013 (the "Policy"), which was developed to support the current and future energy needs of the country. The Policy was considered and approved by the Council of Common Interests (CCI) through decision on Case No. 1/3/2013 dated 31-07-2013. As a consequence, the National Tariff and Subsidy Policy Guidelines, 2014 has also been framed.
- The Policy approved by CCI, inter alia, stipulates that the low end consumers will be protected from any price escalation; that to the extent possible, tariff rationalization will be done in order to eliminate subsidy within the industrial, commercial and bulk consumers; and that a level playing field will be created by providing power at comparable prices to all industrial users.
- Additionally, it is pointed out that through Finance Act, 2008, sub-section (5) was inserted in section 31 of the Act, which empowered the Federal Government to impose, from time to time, surcharges in respect of each unit of electric power sold to the consumers. One of the basic purposes of insertion of sub-section (5) in section 31 of the Act was to harmonize the electricity tariff between different distribution companies. This is evident from Summary for the Cabinet dated June 11, 2008 in respect of the Budget for the financial year 2008-09.
- In discharge of the obligations casted upon the Federal Government under the Constitution of Islamic Republic of Pakistan, 1973 (the "Constitution"), the Federal Government has framed policies and taken various steps, from time to time, inter alia, aimed at: (i) protection of low end consumers from price escalation through provision of subsidy; (ii) implementing uniform tariff in all categories of consumers across the country; (iii) tariff rationalization with an aim to minimize or eliminate subsidy within the industrial, commercial and bulk consumers; (iv) undertaking projects for

expansion of the existing power sector; and (v) raising of funds for ensuring smooth working of the power sector.

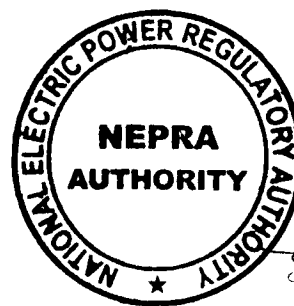

- In order to ensure proper implementation of the Policy approved by CCI as well as policies framed there under and keeping in view the fiscal space for subsidy, certain portion of the determined revenue requirements of the XWDISCOs are to be recovered through surcharges under section 31 of the Act. The amount collected in furtherance of surcharges shall within the parameters of the Policy approved by CCI, facilitate: recovery of the determined revenue requirement of the XWDISCOs; maintaining of uniform tariff across the country for each category of consumer; targeted subsidy to low-end consumers; and financial and development requirements of the power sector;
  
- A brief summary of rationale for each of the surcharge is given below:
  - (a) A surcharge namely, "Tariff Rationalization Surcharge" at the rate mentioned against each of the categories of electricity consumers in respect of each unit of electric power sold by the specified DISCO detailed in Annexure-C, during each of the billing month, which shall be considered as a cost incurred by the distribution company to be included in the tariff recommended by the Authority. The Tariff Rationalization Surcharge enables fulfillment of the parameters set forth in the Constitution as well as the Policy approved by the CCI, including: (i) the socio economic objectives; (ii) the budgetary targets in field; (iii) protection of low end consumers from price escalation through provision of subsidy; (iv) maintaining uniform tariff across the country and regions for each of the consumer category; (v) tariff rationalization with an aim to minimize or eliminate subsidy to the extent possible within the industrial, commercial and bulk consumers. The collection of the Tariff Rationalization Surcharge shall be deposited by

XWDISCOs in a Fund called the "Tariff Rationalization Fund" to be kept in the Escrow Account of the Central Power Purchasing Agency of NTDC (or its successor) for exclusive use for discharging the liabilities of the power producers.

- (b) A surcharge, namely, "Neelum-Jhelum Surcharge" has been imposed by the Federal Government, since the year 2008 and till 31st December, 2015, @ 0.10 paisa per KWh on all electricity consumers of XWDISCOs except lifeline domestic consumers of the category 'Residential A-1', which shall be considered as a cost incurred by the distribution company to be included in the tariff recommended by the Authority. The Neelum Jhelum Surcharge is collected, for the purposes of meeting a portion of the cost of construction of Neelum Jhelum Hydropower Project (the "Project"), which is a hydel power project with a to be installed capacity of 969 MW. The Project is of national importance and critical for the country, inter alia, to ensure supply of cheap electricity to end consumers in the country, being a hydro power project and rights over the waters flowing into Pakistan. The collection of Neelum Jhelum Surcharge shall be deposited by the XWDISCOs in a Fund called the "Neelum Jhelum Hydro Project Development Fund" to be kept in the Escrow Account of the Neelum Jhelum Company for exclusive use for the Neelum-Jhelum Hydro Power Project.
- (c) A surcharge at the rate of Rs. 0.43/KWh on account of recovering the debt servicing applicable to all the consumer categories on per unit consumption except lifeline domestic consumers of the category 'Residential A-1' in respect of XWDISCOs, namely, "Financing Cost Surcharge", which shall be considered as a cost incurred by the distribution company to be included in the tariff recommended by the Authority. The

Financing Cost Surcharge shall enable smooth working and running of the power sector and to meet the repayment obligations of mark-up cost of loans obtained against the sovereign guarantees of the Government of Pakistan for the purpose of reducing shortfall in payment of determined and verified costs of power generation of various power generators. The collection of the Financing Cost Surcharge shall be deposited by XWDISCOs in a Fund called the "Financing Cost Fund" to be kept in the Escrow Account of the Central Power Purchasing Agency of NTDC (or its successor) for exclusive use for discharging the liabilities of the power producers.

- In view of above and tariff rationalization as a consequence of the Tariff Rationalization Surcharge, as per the mandate of the Policy approved by CCI and the National Tariff and Subsidy Policy Guidelines framed in furtherance thereof, the net subsidy by GOP, within the fiscal space, is specified in Annexure-C. Thus the tariff rationalization is not aimed at raising any revenues for the Federal Government, as it is within the determined revenue requirements of the XWDISCOs.
- The tariff rationalization enables fulfillment of the parameters set forth in the Constitution as well as the Policy approved by the CCI, including: (i) the socio economic objectives; (ii) the budgetary targets in field; (iii) protection of low end consumers from price escalation through provision of subsidy; (iv) maintaining uniform tariff across the country and regions for each of the consumer category; (v) tariff rationalization with an aim to minimize or eliminate subsidy to the extent possible within the industrial, commercial and bulk consumers.

4. For the foregoing reasons, the Federal Government has requested to re-consider the Tariff Determinations of XWDISCOs for FY 2014-15 and to re-issue the schedule of tariff for the XWDISCOs, by incorporating the amounts of surcharges and tariff rationalization per

unit subsidy to the category of each of consumers as per Annexure-C, on urgent basis. It is also requested for condonation of delay in filing the reconsideration request.

5. The request was admitted for consideration on 25.5.2015. Since the amount of surcharges imposed by the Federal Government and the amount of subsidy to be given to certain categories of consumers; desired to be reflected in the "Schedule of tariff" are to be charged/collected by the DISCOs through electricity bills, therefore, in order to bring the same in the knowledge of all stake-holders, it was decided to up-load the re-consideration request on website of NEPRA and it was also decided to publish the same in the national newspapers. Beside separate letters to the key stakeholders were also issued for filing of any opinion/suggestions/comments with respect to the re-consideration request on or before 29th May, 2015. It was also decided to conduct a hearing on 29th May, 2015 in NEPRA Head Office, Islamabad.

6. The hearing was conducted on 29th May, 2015 in NEPRA Head Office, Islamabad which was attended by the representatives from Ministry of Water & Power, Ministry of Finance and the Distribution Companies. Comments/objections were filed by M/s Anwar Kamal Law Associates, All Pakistan Textile Mills Association (APTMA), Industrialist Association, Peshawar, M/s Flying Cement Company, M/s Flying Papers Limited, Pakistan Steel Melters Association, ABS & Company on behalf of Colony Textile Mills etc and M/s Muhammad & Ahmad. The representatives of the commentators also participated in the hearing.

7. The commentators inter-alia contended that;

- i) the Review Motions submitted by various DISCOs have not been decided by NEPRA sofar;
- ii) that the Reconsideration Request is time barred;
- iii) that the Surcharges which the Government of Pakistan has recommended through the Reconsideration Request stand challenged before the Lahore High Court, Lahore;

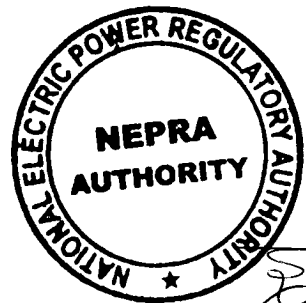

- iv) that the proposed levy of Charges/Surcharges is against the spirit of the CCI decision given under pa 3.2 and 3.3 of Para 3 of the Reconsideration Request;
- v) that as the consumer-end Tariff of each DISCO, determined by NEPRA, has already covered the aspect of recovery of actual Revenue Requirement, the imposition of Surcharges and their recovery from the consumers, on top of the Revenue Requirement of the DISCO, will result in surplus Revenue for the respective DISCOs;
- vi) that under the Tariff regime of NEPRA, certain categories of consumers (Industrial, Commercial, BPCs etc.) are paying more than the cost of service of the commodity i.e. electricity being supplied to them, thus these consumers are factually already cross subsidizing the low end consumer;
- vii) that the proposed Surcharge is non-prudent, illegal and constitutes a punishment to efficiency and reward to in-efficiency;
- viii) that being separate Companies registered with SECP, the surplus amount of one Company (DISCO) after over-charging from its' consumers cannot be transferred to any other loss making Company (DISCO);
- ix) that the methodology for developing a Power Project and recovery of the cost of the Project along with reasonable return has already been established, prescribed and is in practice since long;
- x) that the recovery of the cost of any investment, the benefit of which is not going to the consumer, is illegal and will result in undue increase in the cost of production of the existing industrial products, especially in the export sector;
- xi) that the mark-up was being denied by the Regulator in the past;
- xii) that the Surcharges are against the spirit of Regulation, unbundling of WAPDA and the Regulatory Regime that the Surcharges will promote in efficiencies in the Power Sector and will damage industrial growth in the country;

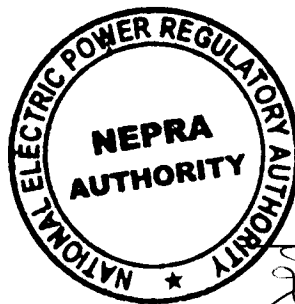

- xiii) that the definition of "tariff" under the NEPRA (Tariff Standard and Procedure) Rules 1998 is restricted to rates, charges terms and conditions for generation of electric power, transmission, interconnection, distribution services and sales of electric power to consumer by XWDISCOs, hence NEPRA's action to include surcharge namely Neelum Jhelum Surcharge, Financing Cost Surcharge and Tariff Rationalization Surcharge, in variable tariff of XWDISCOs is ultra vires the law;
- xiv) that the Federal Government is not providing any service and there is no quid pro quo against the aforesaid surcharges, hence merits to be rejected out rightly;
- xv) that the DISCOs can-not be allowed to raise a bill for additional surcharges and deposit the same in escrow accounts of Neelum-Jhelum Company and Central Power Purchasing Company of NTDC
- xvi) that any action of NEPRA on acceptance of reconsideration request shall violate of Article 4 and Article 156 of the Constitution of Islamic Republic of Pakistan; that there is no rational for each surcharge to be levied;
- xvii) that whenever a relief is given by NEPRA in reduction of tariff, the same is avoided to be given to the consumers by Govt. of Pakistan the tariff for FY 2014-15 is not being notified for which writ petitions have been filed and as an interim relief, it is ordered that DISCO should recalculate the bill of the petitioner as per rates determined by NEPRA;
- xviii) that by nomenclature the proposed surcharges amount to taxing the subjects of the state without due process of law-under Article 73 read with 77 of the Constitution taxability is to be determined by the Legislature through the Act of the Parliament and the executive authorities have no power to impose any such tax;

- xix) that there is no concept of filing a consolidated reconsideration request because the tariff of each DISCO was determined separately and separate requests within time should had been filed;
- xx) that the issue of levy of surcharges was not an issue before NEPRA at the time of tariff determinations, therefore, the same cannot be agitated through re-consideration request;
- xxi) that the proposed imposition of surcharges is in violation to R.17(3)(vii) as even under this provision of law one DISCO cannot be burdened to pay the losses being incurred by other DISCO;
- xxii) that the foremost object of promulgating the NEPRA Act, 1997 as well as unbundling of WAPDA into different companies was to make the privatization of the electricity sector consisting of generation, transmission and distribution sectors-for this purpose already the process of privatization of almost all the DISCOs and transmission sectors as well as some of the generation companies has been initiated-the formulation of unified tariff by rationalizing the entire tariff structure of all the DISCOs by burdening efficient companies with the inefficiencies of other companies goes in total defiance and negation to the very object of the NEPRA Act, 1997;
- xxiii) that no authorization is there to file the reconsideration request;
- xxiv) that no defect or lacuna is pointed out in the tariff determinations sought to be re-considered;
- xxv) That the proposed surcharges to be imposed over and above the tariff as determined by NEPRA practically amounts to a penalty and there is no power possessed under the law to penalize an efficient consumer on the fault or the delinquency of another set of consumer belonging to different DISCO.

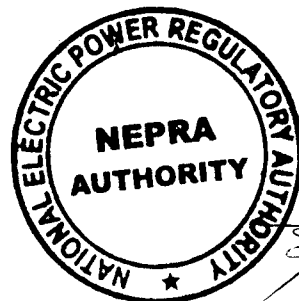

xxvi) that the matter of these surcharges is already sub-judice before various High Courts and more particularly Peshawar High Court and NEPRA is also a party in the Writ Petition and must therefore desist from intervening in the matter.

8. The matter has been gone through. The consumer-end tariffs for DISCOs were intimated to the Federal Government as per dates mentioned in para 2 above and as per section 31(4) of NEPRA Act, 1997, a re-consideration could may be filed by the Federal Government within 15 days from the date of intimation. A request of condonation of delay has also been filed which has been considered by the Authority. In a strict interpretation of law, separate re-consideration request in respect of each DISCO should had been filed within 15 days from the date of intimation by NEPRA, however, as a matter of practice, the re-consideration request is usually filed once the tariff of all the DISCOs is intimated. In the case in hand, the last determination pertaining to TESCO was intimated on 19th May, 2015 and the re-consideration request in respect of all the DISCOs has been filed by the Government of Pakistan on 21st May, 2015. As is evident that the re-consideration request has been filed within two days from the date of intimation of tariff determination of TESCO, which is within time. Accordingly, the delay in filing of re-consideration request pertaining to other DISCOs is hereby condoned.

9. As regards other objections as to the vires of section 31(5) of NEPRA Act and pendency of litigation on the subject, it is a matter of record that the Honorable Lahore High Court, vide its judgment dated 29.5.2015 has declared the levy of surcharge and section 31(5) of NEPRA Act as un-constitutional, however, it is also a fact that the said judgment has been challenged by the Federal Government of Pakistan before Supreme Court of Pakistan and vide orders dated 9.6.2015 passed in Civil Petition no. 1078 of 2015 the operation of said judgment has been suspended. The Authority is also aware of the pendency of petition against levy of surcharges before Honorable Peshawar High Court, Islamabad High Court, High Court of Sindh and High Court of Balochistan, Quetta. Since the concerned Distribution Companies are parties before respective High Courts, therefore, while affecting

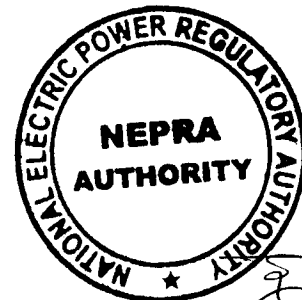

the recovery of surcharges in question, the concerned Distribution Company shall follow/obey the Court orders; notwithstanding this decision of Authority.

10. A lot of concerns have been raised by different commentators as to the merits and demerits of levy of "surcharges". It is to be clarified that NEPRA has not levied any of such surcharges; rather it is the Federal Government which has the statutory power to do the same. What NEPRA is requested through the re-consideration request is to simply indicate the amounts of such surcharge imposed by the Federal Government in exercise of its powers; against the already determined schedule of tariff in case of ex-WAPDA DISCOS for the purposes of recovery only. Under section 31(5) of NEPRA Act, 1997, Federal Government has the power to levy any surcharge and any such surcharge is to be considered as a cost to be included in the tariff determined by NEPRA. Through the re-consideration request, it has been intimated by the Federal Government that it has levied certain surcharges and also it is committed to provide subsidy to a certain category of consumers in view of its socio economic policy objections and NEPRA is simply required to indicate both such amounts against the corresponding columns of NEPRA determined schedule of tariff as per detail provided in the Annexures of the re-consideration request.

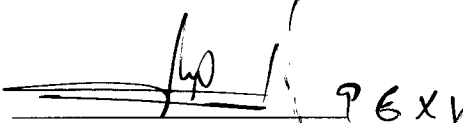

11. Since the NEPRA's determined tariff will remain unchanged and while indicating the amount of surcharges and subsidy in separate columns the same is to be referred back to Government of Pakistan for notification in the official gazette. In view thereof, the subject request is accepted and the amount of subsidy and surcharges as indicated by the Federal Government in the Annexures attached with the re-consideration request are allowed to be indicated in the already intimated schedule of tariff as per Annexure-III of the annual tariff determinations. Accordingly, the Schedule of Tariffs ( Annexure - III) for Ex-WAPDA DISCOs for the Financial Year 2014-15 are modified and are replaced with Annexures A-1 to A-10 for IESCO, LESCO, GEPCO, FESCO, MEPCO, PESCO, SEPCO, HESCO, QESCO and TESCO respectively. The revised schedule of tariff is being intimated to the Federal Government for notification in the official Gazette in terms of Section 31(4) of NEPRA Act. The other Terms & Conditions already intimated would remain the same. The recovery of any of the surcharges from the consumers

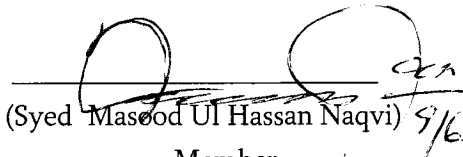

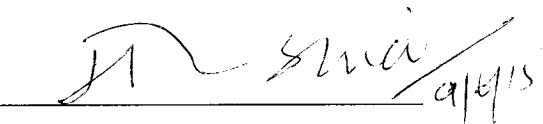

by the DISCOs shall be subject to the orders of the Courts, if any, notwithstanding this decision.
