**DECISION OF THE AUTHORITY IN THE MATTER OF FUEL PRICE  
ADJUSTMENT FOR THE MONTH OF AUGUST 2025 FOR CHINA POWER  
HUB GENERATION COMPANY PRIVATE LIMITED.**

1. Pursuant to the decision of the Authority dated February 12, 2016 in the matter of Approval of Upfront Coal Tariff for 2x660 MW coal power plant of China Power Hub Generation Private Limited (hereafter "CPHGCL") and decision dated September 23, 2016 regarding Suo Moto Review Proceedings in the matter of Fuel Price Adjustment Mechanism determined in Upfront Coal Tariff, the fuel portion of the energy charge part of CPHGCL's tariff needs to be adjusted for variation in coal price. CPHGCL requested weighted average coal price of Rs. 32,683/Ton for coal consumed during the month of August 2025. CPHGCL requested fuel cost component of Rs. 13.0479/kWh for the month of August 2025.
2. CPHGCL consumed coal from leftover shipments, the prices of which had already been approved by the Authority through various fuel price adjustments (FPA), as detailed below:

Shipment No	Approved Price (Rs./Ton)	Approval Month
82	84,830	Aug 2023
83	71,308	Feb 2025
84	45,674	Sept 2024
86	30,377	Feb 2025
87	27,846	Mar 2025
88	26,807	May 2025

3. The Authority in its collective and joint wisdom considering all aspects decided with consensus as under which shall be hereafter called as decision of the Authority in the matter:

"Based on the documentary evidence and information submitted by CPHGCL, the fuel cost component of energy charge part of CPHGCL's tariff is adjusted for variation in coal price for the month of August 2025."

4. The revised FCC of energy charge part of CPHGCL's tariff indicated hereunder shall be immediately applicable to the units delivered during the month:

Period	Reference Fuel Cost Component Rs./kWh	Revised Fuel Cost Component Rs./kWh
August 2025	4.2913	13.0230

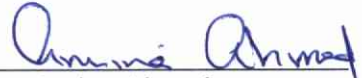

5. CPHGCL entered into a long-term Coal Supply Agreement (CSA) on August 24, 2024 with Yongtai PTE Ltd for a period of four (4) years through a bidding process. It was noted that discount or pricing terms were excluded altogether from the bid evaluation criteria. Therefore, the Authority decided to approve the coal shipments already received

in accordance with the terms of the existing CSA. Similarly, the coal shipments in transit whose bill of lading falls within 30 days from the date of issuance of May 2025 decision shall also be approved under the existing CSA. However, for future procurements, CPHGCL was directed to conduct a fresh bidding process and to include discount on the coal price index as a major criterion in the bid evaluation process. CPHGCL was also directed to re-evaluate the demurrage grading factor as the same is not included in the bid evaluation criterion of similar power plants.

6. The revised fuel cost component attached as **Annex-I** is to be notified in the official gazette, in accordance with the provisions of Section 31(7) of the Regulation of Generation, Transmission and Distribution of Electric Power Act 1997.
7. CPPA (G) to ensure that all payments are consistent with the tariff determination(s).
