**DECISION OF THE AUTHORITY IN THE MATTER OF MOTION FOR LEAVE FOR  
REVIEW FILED BY PAKHTUNKHWA HYDEL DEVELOPMENT  
ORGANIZATION FOR ITS RANOLIA HYDROPOWER PROJECT AGAINST  
TARIFF DETERMINATION DATED APRIL 29, 2014  
CASE NO. NEPRA/TRF-231/PHYDO-2013**

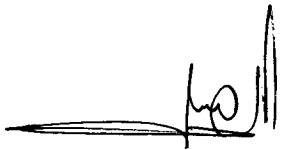

1. Pakhtunkhwa Energy Development Organization (formerly known as "PHYDO and hereinafter referred to as "PEDO" or the Petitioner) filed a motion for leave for review (hereinafter referred to as the "review motion") under Rule 16 (6) of the National Electric Power Regulatory Authority (Tariff Standards and Procedure) Rules, 1998 (hereinafter referred to as the "Rules") read with other applicable laws, against tariff determination dated April 29, 2014 (hereinafter referred to as the "determination").
2. Brief facts of the case are that the Petitioner filed a Tariff Petition under rule 3 of the Rules for determination of its generation tariff before National Electric Power Regulatory Authority (hereinafter referred to as the "Authority"). After admission of petition, a hearing was conducted wherein the Petitioner explained technical details of the project, costs claimed by it under different heads and requested for grant of tariff applied for in the tariff petition. The Authority after consideration of arguments of the Petitioner, documentary evidence produced by the Petitioner, comments of the stakeholders and evidence and information otherwise available with the Authority, determined the tariff of the Petitioner through the determination.
3. The Petitioner filed the review motion stating, inter alia, that the project development costs of US \$ 1.7476 million, construction management cost of US \$ 2.622 million and return on equity of 19.50% IRR based as claimed in the tariff petition may be allowed, instead of project development costs of US \$ 0.220 million, construction management cost of US \$ 1.581 million and return on equity of 17% IRR based allowed by the Authority in the determination.
4. To consider contentions of the Petitioner and to provide it an opportunity to explain its point of view, a hearing in the matter was held on September 16, 2014 at Islamabad which was attended by the representatives of the Petitioner. During hearing, the Petitioner reiterated its written submissions and requested to review the determination.
5. Arguments heard. Record perused.
6. The Regulation 3 (2) of the National Electric Power Regulatory Authority (Review Procedure) Regulations, 2009 (hereinafter referred to as the " Review Regulations ")

provides that any party aggrieved from any order of the Authority and who, from the discovery of new and important matter of evidence or on account of some mistake or error apparent on the face of record or from any other sufficient reasons, may file a motion seeking review of such order. Further Regulation 3 (7) of the Review Regulations read with Rule 16 (9) of the Rules provides that the motion for leave for review may be refused by the Authority if it considers that the review would not result in the withdrawal or modification of the order. The Petitioner has failed to bring any new and important matter of evidence which was not considered by the Authority at the time of passing of the determination and has also failed to point out any mistake or error apparent on the face of the record. The fact of the matter which is also evident from the perusal of the determination is that all material facts and documents were in the knowledge of the Authority and the record clearly shows that the Authority issued the determination after consideration of all material facts and documents. Therefore, the Authority is of view that the review motion is not maintainable in terms of Regulation 3 (2) of the Review Regulations read with Rule 16 (9) of the Rules and the same is hereby dismissed.
