**NOTIFICATION**

Islamabad, the 23<sup>rd</sup> day of July, 2024

**S.R.O. 1128 (I)/2024.**- In pursuance of Proviso-iv of Sub-Section 7 of Section 31 of the Regulation of Generation, Transmission and Distribution of Electric Power Act, 1997 (XL of 1997), NEPRA hereby notifies the decision of the Authority dated 12<sup>th</sup> July, 2024 along with revised coal price, Details of Shipment and revised marine freight charges attached as **Annex-I, II & III** respectively for the month of **June 2024** regarding the adjustment in the fuel portion of energy charge part of tariff for variation in Coal prices in respect of Port Qasim Electric Power Company (Private) Limited in Case No. NEPRA/TRF-299/PQEPCPL-2015.

2. While effecting the Decision, the concerned entities including Central Power Purchasing Agency Guarantee Limited (CPPAGL) shall keep in view and strictly comply with the orders of the courts notwithstanding this Decision.

**(Engr. Mazhar Iqbal Ranjha)**  
Registrar

**DECISION OF THE AUTHORITY IN THE MATTER OF FUEL PRICE ADJUSTMENT FOR THE MONTH OF JUNE 2024 FOR PORT QASIM ELECTRIC POWER COMPANY (PRIVATE) LIMITED.**

1. Pursuant to the decision of the Authority dated February 13, 2015 in the matter of approval of upfront coal tariff for coal power plant of Port Qasim Electric Power Company (Private) Limited (PQEPCL), decision dated September 23, 2016 regarding Suo Moto Review Proceedings in the Fuel Price Adjustment Mechanism determined in Upfront Coal Tariff, decision dated September 27, 2019 in the matter of tariff adjustment at Commercial Operation Date of PQEPCL and decision dated March 3, 2020 in the matter of Motions for Leave for Review regarding fuel price adjustments, the fuel portion of the energy charge part of PQEPCL's tariff has been adjusted for variation in coal price(s). PQEPCL requested weighted average coal price of Rs. 34,609/Ton for the coal consumed during the month of June 2024. PQEPCL requested Fuel Cost Component (FCC) of Rs. 14.2681/kWh for June 2024.
2. It has been observed that Argus/McCloskey's published coal price index also specifies price differentials to API 4. It has been provided in the index report that to calculate a fixed price, apply the differential to the API 4 contract. Following differentials are applicable for the month of November 2023:

Description	Heat kcal/kg	Unit	Nov 2023 Average
5,500 differential	5,500	US\$/ton	(9.51)

3. In accordance with the above differentials, the API 4 price for the shipment from Richards Bay has been calculated and fixed as under:

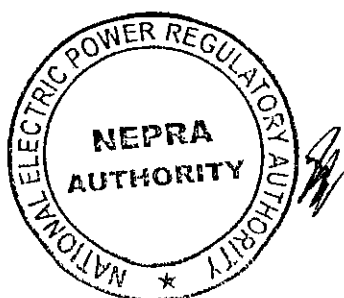

Shipment No.	API 4 Price (US\$/ton)	Differential (US\$/ton)	Fixed Price (US\$/ton)	Heat (kcal/kg)	Actual Heat (kcal/kg)	Heat Adjusted Price (US\$/ton)	Requested Price (US\$/ton)	Difference (US\$/ton)
202302	114.86	(9.51)	105.35	5,500	5,327	102.04	101.98	0.06

4. Since the requested coal price is less than the calculated coal price as per price differentials, therefore, the requested price has been considered.
5. The Authority in its collective and joint wisdom considering all aspects decided with consensus as under which shall be hereafter called as decision of the Authority in the matter:

"Based on the documentary evidence and information submitted by PQEPCL, the fuel cost component of energy charge part of PQEPCL's tariff is adjusted for variation in coal price for the month of June 2024."

6. The revised FCC of energy charge part of PQEPCL's tariff indicated hereunder shall be immediately applicable to the units delivered during the month:

Period	Fuel Cost Component (Rs./kWh)	
	Reference (Sep 27, 2019)	Revised
June 2024	4.6936	14.2679

Q. S

7. The above referred revised fuel cost component along with revised coal price and revised marine freight charges attached as **Annex-I, Annex-II & Annex-III**, respectively, are to be notified in the official Gazette, in accordance with the Section 31(7) of the Regulation of Generation, Transmission and Distribution of Electric Power Act, 1997 (XL of 1997).
8. CPPA(G) to ensure that all payments are consistent with the tariff determination(s).
